Twinkle Twinkle  
Princess Long Ago  
A Whole New World  
Dance Freeze Melt  
Goodbye Song

Tip: Make an effort to remember the names of all the children attending your class. Greeting each child by name as they arrive creates a warm and welcoming atmosphere, showing them that they're valued as individuals. This personal touch helps build strong connections and boosts engagement. It's also a great way to encourage returning students and can be a significant selling point for parents. Remember, a friendly, familiar environment enhances the learning experience and keeps children excited to return to your class.
